

January 13, 2009

Updated January 27, 2009 – added GAOC Navigator Cup (2)

The 2009 JWOC team selection process will include the rolling rankings for the period covering the 2008 ROC Letchworth Middle Champs through the 2009 OCIN Flying Pig.

The 2009 events which will be added to the rolling rankings before the JWOC team selection are the GAOC Navigator Cup (2), QOC Ran-it Granite/Intercollegiate Championships (2), and OCIN Flying Pig (2, possibly 3, if the recently added sprint is sanctioned).

The 2008 events which will be deleted from the rolling rankings before the JWOC team selection are the GAOC Navigator Cup (2), SDO Anza Borrego (2), NTOA Interscholastic Champs/Texas Stampede (2), TSN Western States/Intercollegiate Champs (3), and OCIN Flying Pig (4).

If you will not have the minimum number of four ranking days after the 2009 OCIN Flying Pig, then you need to request an exception to having four M/F-20 results to the JWOC selection committee.

Please note that “credit days” are only used for the official USOF year-end rankings. They are not used at all in the rolling rankings. Therefore, credit days for participation in the 2008 and/or the 2009 U.S. Relay Championships will not be added to the rolling rankings in order for an M/F-20 to achieve the minimum of four rankings days required for a rolling ranking.

Some JWOC aspirants have asked for confirmation of the number of events they will have which count towards the JWOC rankings. A list of the F/M-20 only rankings is listed below. These do not include the events which will be dropped off between now and the 2009 Flying Pig (paragraph 3 above).

Only M/F-20 members of US clubs are listed. No determination of actual eligibility to participate should be assumed from this list.

Please contact me if you have any questions.
